Submit entries to: SCISWA Poster Contest, 1736 Highway T17, Tracy, Iowa 50256

SuperHero Squad

Waste Warrior

Waste Warriors are everyday heroes who help keep our communities clean. They know that recycling, reusing, composting, and picking up litter can make a big difference.

When we recycle the right materials, reuse items, and throw trash away properly, we help conserve resources and protect wildlife, water, and outdoor spaces.

You don't need x-ray vision or super strength to be a Waste Warrior. Small actions, like recycling a bottle, reusing a container, or picking up litter at the park, can be powerful ways to help the environment.

**The Waste Warriors are looking for a ★
★ new superhero to join their team!**

Create your own superhero and show how they help reduce waste, recycle materials, reuse items, clean up litter, protect nature, or keep communities clean. What special powers does your hero have? Can they rescue recyclables from the trash, turn old items into something useful, or stop litter before it reaches parks and streams?

Use your imagination to create a one-of-a-kind Waste Warrior! You can give your superhero a name, special powers, and a mission to help protect the Earth and your community. How will they help make the world a cleaner place? Draw your hero in action and show us why they deserve a place on the Superhero Squad!
